1 **M**INUTES OF THE VERNAL CITY COUNCIL AND UINTAH COUNTY
2 COMMISSION SPECIAL MEETING HELD FEBRUARY 25, 2019 at 4:30 p.m.
3 in the Vernal City Council room, 374 East Main, Vernal, Utah 84078.

4
5 **PRESENT:**

6 **VERNAL CITY:** Councilmembers Dave Everett, Ted Munford, Travis Allan, Bert
7 Clark and Samantha Scott and Mayor Doug Hammond.

8
9 **UINTAH COUNTY:** Commissioners Brad Horrocks, Bart Haslem and Bill Stringer.

10
11 **STAFF:** Quinn Bennion, Roxanne Behunin, Cheryl Meier and GJ Searle.

12
13 **GUESTS:** Kevin Yack, UBAG, Laurie Brummond, UBAG, Bob Abercrombie, Ballard
14 Mayor, Mike Allred, Board Member UTSSD, Sonja Norton, Dan Dilsaver, Board member
15 UTSSD, Kurt Mower UBAG, Dean Baker, Naples City Mayor.

16
17
18 **WELCOME:** Mayor Hammond welcomed everyone to this meeting. He asked the audience to
19 use the microphone if they want to make comments regarding the BTA.

20
21 **ACKNOWLEDGMENT & APPROVAL OF SPECIAL MEETING:** *Councilmember*
22 *Samantha Scott moved to acknowledge and approve this special meeting. Councilmember Bert*
23 *Clark seconded the motion. The motion passed with Commissioners Horrocks, Haslem and*
24 *Stringer voting in favor and Councilmembers Everett, Munford, Allan, Clark and Scott voting in*
25 *favor.*

26
27 **APPROVAL OF THE MINUTES OF JANUARY 28, 2019:** *Commissioner Bill Stringer moved*
28 *to approve the minutes of January 28, 2019. Commissioner Brad Horrocks seconded the motion.*
29 *The motion passed with Commissioners Horrocks, Haslem and Stringer voting in favor and*
30 *Councilmembers Everett, Munford, Allan, Clark and Scott voting in favor.*

31
32 **BTA SERVICES AND FUNDING IN UINTAH COUNTY:**

33 Mayor Doug Hammond explained that this meeting was to discuss the future of the bus service
34 (BTA) in Uintah County and Vernal City and the elected officials want to hear from the local
35 community on this topic. Laurie Brummond, UBAG Director, stated that UBAG is the service
36 provider for the BTA. She noted that UBAG serves the Tri-County area representing all local
37 governments. The BTA was initially funded by the Federal DOT and after two years the
38 funding dropped to an 80% grant from UDOT and 20% local match. The Uintah Basin was one
39 of four areas receiving this funding and there is a waiting list. The vehicles were purchased
40 using revitalization funds for the 20% local match. Routes were established with the help of
41 other transit systems. The red route has a \$1 fare; the other routes do not require a fee. The para
42 transit system is a one-on-one service which requires residents to apply for services and is the
43 most expensive to operate. The equipment must be purchased through the State and the largest
44 service is to the dialysis center. Commissioner Bill Stringer reminded everyone that this issue
45 has been on the ballot twice to add a ¼ cent sales tax to collect funds for transportation for the
46 Cities, County and BTA in Uintah County and it was defeated twice. However, unless
47 something changes in the Legislature, it has been said that the ¼ cent tax will be imposed in

**MINUTES OF THE VERNAL CITY COUNCIL AND UTAH COUNTY COMMISSION
SPECIAL MEETING HELD FEBRUARY 25, 2019**

48 Uintah County in the future and the vote will not stop it. The County Commission has the
49 option to pass an ordinance before May of 2020 to collect the tax which will ensure that the
50 funds stay here and be distributed to the Cities, BTA and Uintah County. He stated he did not
51 know the percentage that would go to the bus system yet, however, it would be a fairly good
52 amount. If the County does not do this, then the Cities would be offered the same opportunity
53 and the funds would be split between the Cities and BTA. The bottom line is the ¼ cent tax will
54 be imposed. If that is the case, the County will consider passing an ordinance and distribute the
55 funds to BTA, Cities and County. Commissioner Brad Horrocks stated that this tax passed in
56 Duchesne County and they collected \$780,000 for the first eight months so the tax in Uintah
57 County could be upwards of \$1 million dollars. Commissioner Stringer stated that the
58 distribution to BTA will be a greater amount than they are receiving from the Transportation
59 District. Councilmember Bert Clark asked for a clarification of the difference between collected
60 tax and funds used by the Special Districts. Commissioner Bill Stringer explained that the
61 Special Service Districts receive mineral lease money coming to the County which has been as
62 high as \$36 million dollars a year. The amount collected the last few years has been between
63 \$12 million dollars and \$13 million dollars. Those funds support fire suppression, higher
64 education, animal control, health services, recreation services and impact to the community.
65 Sales tax is collected in the county throughout the year and helps run other government programs
66 and operations so this extra ¼ cent sales tax will be added increasing the sales tax to 6.45% with
67 those extra funds going toward transportation. Dean Baker, Naples Mayor, stated that the
68 question is how to keep BTA up and running during the transitional period when the County or
69 Cities impose the tax. Cheryl Meier, Uintah Transportation Director, stated that the
70 Transportation District held a meeting and made the decision to fund the BTA for 90 days and
71 then revisit that funding once new board members were in place. Mayor Hammond opened the
72 meeting for public comment.

73
74 Mr. Bobby Oostveen stated that his commitment to the bus system started during the summer
75 passport program where one of the requirements was to ride the bus. His family noticed that
76 people had to sit on the curb or in the dirt and wait so his daughter did not want to ride the stupid
77 bus. He stated that a goal as a dad is to teach his children the value of giving and create a better
78 place. He noticed an older gentleman holding a prescription bag waiting for the bus or someone
79 with an armful of groceries. He decided there was better way to treat patrons of BTA and as a
80 community there needs to be a clear path to give hope to those that need this service. Quinn
81 Bennion stated that he has been working with Bobby to install 12 benches at more prominent
82 stops and donors have come forward to purchase the benches and concrete.

83
84 Mr. Tim Beavers sated he moved to Vernal last summer and loves the community and bus
85 system and hopes it is funded through the rest of the year. He asked if there would be any
86 scaling back of scheduled routes and suggested an annual pass be offered.

87
88 Mr. Terry Kiever stated that he looked at the information in the hand out and asked for
89 clarification of the routes. The pamphlet shows 12 loops per day 365 days per year or 5 days
90 per week. He also asked how the ridership is determined and what criteria is used to determine
91 when a bus needs to be replaced.

92

**MINUTES OF THE VERNAL CITY COUNCIL AND UTAH COUNTY COMMISSION
SPECIAL MEETING HELD FEBRUARY 25, 2019**

93 Mr. Bruno Wilson stated that he works at the airport and knows the bus system is needed. He
94 asked UBAG to consider a stop at the airport. Travelers have to walk to find food between flights
95 and he suggested the red loop be reorganized to help the green loop.
96

97 Alicia Gowen stated that many students ride the bus to and from school and may not go to school
98 if they have to walk. From the perspective of an advocate for victim of crime, the location of
99 the crisis center was chosen to utilize the bus services to help victims and it vital for them to
100 have this transportation.
101

102 Cory Hatch Jr. stated that the paratransit bus system has been amazing and is vital to get to
103 appointments. He stated it is a wonderful service for dialysis, and there is a greater need beyond
104 that and asked UBAG to consider adding another van because at times it is completely booked
105 making it hard to get to appointments. The cost for the bus is \$2 where a taxi is a minimum of
106 \$7 each way making it too expensive.
107

108 Francis Lewis asked if the services can be expanded to help patrons at the Golden Age Center.
109

110 Karrie Hoops, manager of the Dialysis Center, stated that approximately 1/3 of their patients
111 need the paratransit service as they cannot drive. She stated that this service keeps them alive
112 along with keeping the road safe.
113

114 Roy McKee stated he is a taxpayer and business owner. The people who were able to drive to
115 this meeting are lucky to have a car as there are a lot at this meeting who do not have vehicles
116 and are trying to get back and forth to work. The bus system helps keep vehicles off the road to
117 improve the air quality which is close to being dangerous. He stated that he wants his kids and
118 grandkids to grow up here so the bus is important to keep the community together.
119

120 Mr. Lloyd Dean, taxpayer, asked how everyone got along before 2010 when there was no bus
121 system. He also wondered what the purpose was of the proposition if there was no value to that
122 vote. Mr. Dean voiced his frustration that the State Legislature would add a tax when the voters
123 decided not to. He stated he empathizes with the residents that need the bus, but the calculations
124 come out to only five people riding per loop so there must be a cheaper way to provide mass
125 transit. If the sales tax continues to increase it will placed the local market out of line with other
126 areas.
127

128 Brenda Jenkins stated that she needs the bus as she cannot drive and asked the elected officials
129 for their number so she could call them when she needs a ride if the bus goes away.
130

131 Debra Momley, originally from Roosevelt, stated that she recently lost her home and uses the
132 bus to get from Vernal to her job. If she cannot ride the bus she will have to give up her job in
133 Roosevelt. She stated she appreciates everything that has been done for her and how the bus
134 helps the community.
135

**MINUTES OF THE VERNAL CITY COUNCIL AND UTAH COUNTY COMMISSION
SPECIAL MEETING HELD FEBRUARY 25, 2019**

136 Aleita Leigh stated that she has a child that is a college student that attends UB Tech and rides
137 the bus to and from classes. She stated the bus makes her student late for class and asked
138 UBAG to look at the schedules times to be more rider friendly for the college classes.
139

140 Valerie Huber stated that she live in Roosevelt and can only ride the bus in the winter because of
141 the hours of operation. She noted that without the bus, certain things in her life that would not
142 be going right. If the hours of operation were extended later in the evening it would help those
143 that do not work a 9 to 5 job.
144

145 Clarissa Benning, Vernal resident, stated that she works at Northeastern Counseling and many of
146 their clients desperately need the bus otherwise they have to walk during the winter when it's
147 cold and dangerous.
148

149 Sonja Norton stated that the first time this proposition was on the ballot the issue was not clear
150 and people thought the money would go to other transit systems. She stated that the tax can be
151 used for not only the transit, but other transportation needs in the County such as trails and
152 sidewalks. She noted that students ride the bus a lot.
153

154 Michelle Wheeler, employee of Uintah County library, stated that she does not live too far from
155 work and used to walk. She had the experience where someone came up behind her which was
156 scary so now she rides BTA. She stated that she has met a lot of amazing people on the bus and
157 the drivers are kind and courteous. The paratransit system is also a god-send giving people a
158 touch of freedom to those that need the service badly.
159

160 Jordan Mathis, Director of Tri-County Health, stated that it is important to understand all aspects
161 of the community. In the Uintah Basin as a whole, many residents suffer from poor health
162 outcomes, some due to social detriments, and often times linked to not having access to things
163 that help promote health. To increase access those residents need transportation to reach the
164 food pantry, doctors, Tri-County health, etc. He noted that not everyone rides the bus, but it is
165 an important aspect of the community.
166

167 Mayor Doug Hammond thanked everyone for their comments. Laurie Brummond stated that
168 with the current budget constraints, the schedule has been set for five days a week starting at
169 5:45 am to 7 pm. She noted that it is enlightening to hear what could determine additional
170 ridership such as a special route between campuses for students. Initially the transit system was
171 going to have a hospitality stop for the airport and a Naples City stop. When there was a budget
172 shortfall those stops did not happen. Two years ago funding was received for more paratransit
173 vehicles and hope to have one on order soon. Also, Duchesne County and Uintah County
174 helped purchased a larger bus because of the demand in the morning and after school. The
175 ridership is counted when someone gets on the bus that counts as one rider. Councilmember
176 Ted Munford agreed that the tax was voted down twice and he also takes issue with the State
177 changing the rules. He recommended citizens contact the State Legislature to let them know
178 how they feel about them implementing this tax. He stated that the State also took funds from
179 all the Cities and Counties to pay for the homeless shelters on the Wasatch Front. He suggested

**MINUTES OF THE VERNAL CITY COUNCIL AND UTAH COUNTY COMMISSION
SPECIAL MEETING HELD FEBRUARY 25, 2019**

180 citizens become involved. Mayor Hammond thanked everyone for voicing their opinions and
181 attending the meeting.

182
183 **ADJOURN:** There being no further business; Councilmember Samantha Scott moved to
184 adjourn. Commissioner Bill Stringer seconded the motion. The motion passed with a
185 unanimous vote and the meeting was declared adjourned.
